

**TEAL
ON THE
HILL
2026**

March 1-3 2026 Teal on the Hill Spina Bifida Advocacy Event Sponsorship Prospectus

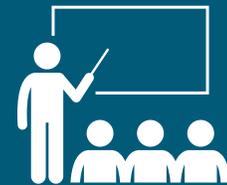

For over 50 years, the Spina Bifida Association has been advocating for the Spina Bifida community. **Teal on the Hill** was established in 2018 as an annual event to bring members of the community together and advocate for issues such as increased funding for the CDC, disability rights, and affordable and accessible health care, medical supplies, and technologies for individuals impacted by Spina Bifida. Teal on the Hill has united hundreds of advocates and legislators to build a better and brighter future for those impacted by Spina Bifida.

If your company has a product or service that benefits the Spina Bifida community, we invite you to become a sponsor of 2025 Teal on the Hill. It's a great way to showcase all that your organization has to offer individuals with Spina Bifida, their families, and the healthcare professionals who serve them.

Why Sponsor Teal on the Hill?

- **Engage** the Spina Bifida community, disability advocates, and stakeholders interested in learning about products and services that enhance the health and independence of those living with Spina Bifida.
- **Support** policies that ensure that those living with Spina Bifida can live healthy and productive lifestyles.
- **Maximize** your reach and develop relationships through the Spina Bifida Association's nationwide network of chapters, care partners, and those living with Spina Bifida, their families and caregivers.
- **Enhance** your visibility through Teal on the Hill via multiple social media channels, website, blogs and press releases.
